

INDIAN FUTURES MAY'22 eBULLETIN

UK eNews

Dear Supporter

As Indian Futures approaches its 5th birthday, we've been reflecting on what's important to us, our communities and our audience.

It is for this reason that we want to take you on this trip to our very core: OUR VALUES. We hope you enjoy it as much as we've enjoyed the last 5 years of growth and evolution. Thank you for accompanying us.

Our Values - PART 1 Quality & Equality

We believe that all human beings are born equal and, therefore, have the same rights to basic needs, such as education, health, housing, empowerment and freedom. But we don't want to just cover basic needs. We want our communities to develop quality services and tools towards their own growth and fulfillment.

Second Fleamarket in Sant Fost, Barcelona

While our Futuraula students take a break from fundraising to focus on their end-of-year exams, another good friend of Indian Futures, Manoli Bernardino, organises the second stall at Sant Fost Sunday Market.

Manoli has been selling all sorts of Indian wonders, from scarves to bags made by a group of women in Vedanthangal.

Thank you so much, Manoli!

Sant Fost Sunday Market, 29th May

Indian Futures Student Sponsorship Programme

"Indian Futures Sponsorship Programme has allowed me to study MBA, by paying for my course and travel to university - it wouldn't have been possible without you - thank you!"

Looking for Sponsors

With the new Indian academic year about to start, we're launching our Sponsorship Campaign.

We're looking for individuals and groups who could help fund the university fees and transport of 14 female students in Vedanthangal, thus helping bridge the gender gap in rural India.

If you'd like to become a sponsor, email us at indianfuturesfundraising@gmail.com
