Winter Solstice

On 21st December, we were at Manor Road Gym in Whitehawk for their Winter Solstice event. Volunteers had lots of fun making paper chains, paper lanterns and Christmas wreaths with the children! We also raised £112 selling items from India to go towards the salary of the Sponsorship Co-ordinator in India.

Spain News

Egg-cellent Work!

The Futuraula Committee rounded the year off with a Christmas Breakfast and Raffle, one of several activities at the university to continue to raise funds for our Sponsorship Programme. The festivities ended with a raffle for 10 very exciting prizes, from a tattoo to sushi restaurant vouchers!

Congratulations and Celebrations

The university students completed the English module of the student mentoring programme. The English Assessment showed an increase between 40-80% in their level of English since the start of the course! We are beyond proud of their achievements. To celebrate their hard work, they had a get-together and prize giving ceremony. They will be starting the Personal Development module next, at the end of January.

Thank You, Henkel

Indian Futures has been awarded €1,500 from Henkel's Make an Impact on Tomorrow Programme to fund school materials for one of the schools we support in India, including uniforms, school bags and books.
