Prasheetha's Story

Prasheetha is an IT Centre student. Our IT teacher, Prithviraj, sent us a few words she had to say about her experience:

‘I am studying in a computer training program at the IT Centre. With the help of Laia Foundation and Indian Futures, I took the free computer training and basic computer skills. Now I can operate the computer without any help’.

UK News

Smartphone Donation Request!

Indian Futures are in desperate need of working Smartphones to help our university students attend their online classes in India.

If you are upgrading your contract, have an old smartphone lying in a drawer or are able to donate a smartphone, please get in touch with us by 1st July at

indianfuturesfundraising@gmail.com

Thank you!

April's Activities

Indian Futures had two very successful fundraising events this month. The 'Inspired by Love' event at Manor Road Gym saw Alanna reading her poetry about love, as well as Poppy returning for a SareeNaSorry funshop, raising £173. Our Table-Top Sale at Roger Lodge was a lovely way to introduce Indian Futures to the local neighbours and raised £125.

Spain News

In Barcelona, the students of Futuraula had lots of fun selling fresh roses and books to raise money for Indian Futures as part of Sant Jordi Festival. Their excellent efforts raised a total of 750€.
