Kalpana's Story

'I am very proud to be the organiser of Indian Futures' Sponsorship Program. The program provides financial and mentoring support to a total of 14 female students a year. I hope the program can reach to even more students in the future.

Girls' education is one of the most important tools for empowering girls and women, and it can transform their lives and that of their families and communities.'

Aarthima's Story

'Hi, I am Aarthima.

First of all, thank you for sponsoring me. I belong to a very poor family. In my house, my parents said that they could not pay for my studies. I was very sad. The Sponsorship Program has been very helpful for my studies. I completed BA History last year and now I'm studying Archeology. I am so happy going to college. Thank you, donors, from me and my family.'

Renovation of buildings

In line with quality education, one of Indian Futures' priorities is to ensure the health and safety of the facilities used by our beneficiaries.

As such, we're now conducting repair works in the nursery school, Laia Foundation's office and volunteers' house in Vedanthangal.

UK News

SareeNaSorry Funshop!

On 23rd February, Poppy Jaman's SareeNaSorry funshop and Indian Futures joined forces again to bring an evening of saree fun to people in Brighton.

SareeNaSorry funshop is an invitation to immerse yourself in the world of sarees, their history, ways of wearing them, fabrics used and, above all, what it means to wear a saree and how each one of us feels while wearing it. A truly fascinating experience, made also possible by Lush Charity Pot Fund.
