**MERRY CHRISTMAS TO ALL
OUR SUPPORTERS!**

2023 has been a year full of smiles and achievements for Indian Futures! Thanks to all your wonderful support, we have been able to...

- ★ Continue to fund our 3 IT Centres
- ★ Support 10 more female students access university
- ★ Consolidate our Mentoring Scheme to make sure we are providing the female students with a range of skills to help them into employment
- ★ Employ a member of staff on a 20-hour a week contract in our Laia Foundation office in India

Over the year, we have improved the standards of our IT facilities and increased the support to our university students so they can build on what they already have and make it better, increasing young people's chances to succeed in life. Because they are the ones who can truly change their own future, therefore the future of their communities.

THANKS TO THE INDIAN FUTURES TEAM AND STUDENTS!

Kane - UK Volunteer

'Thank you so much Indian Futures for being open to my ideas, giving me full creative freedom and for inspiring me. An amazing grassroots charity that truly changes lives – Support is decided by those we are helping, not by us in the UK.

The whole team has been super welcoming and I'll always be a part of the IF Team'.

Kavinish - IT Centre Student

'My heartfelt thanks to Indian Futures for giving us somewhere to go after school - to learn IT, play games, watch the Lion King and be with my friends. Thank you for making this happen'.

Prithiviraj - IT Teacher of two IT Centres

'After studying Mechanical Engineering, I decided to develop a career as a teacher. I am most proud of being part of the Indian Futures project and thankful for this opportunity'.

Keerthana - Student from Sponsorship Programme

'To study Diploma in Nursing was my desire but because of my family situation I could not continue my education. I would like to express my heartfelt gratitude to both the Laia Foundation and Indian Futures for helping me with my higher studies'.
